

TWO REQUESTS FOR PROPOSALS

Fiscal Agent / Outsourced Accounting & Financial Management Services

The **North Carolina Association of Regional Councils of Government (NCARCOG)** and the **North Carolina Community Care Hub (NC CCH)** are separately seeking proposals from qualified firms or organizations to provide fiscal agent, accounting, and financial management services.

NCARCOG and NC CCH are statewide nonprofit organizations that work collaboratively on initiatives serving communities across North Carolina. While the organizations are jointly advertising these opportunities to reach qualified providers, **each organization is issuing a separate RFP and will independently evaluate proposals, select a provider, and enter into its own contract.**

Qualified firms may respond to **either RFP or both RFPs**. Firms interested in serving both organizations must submit a separate proposal for each opportunity. Proposers responding to both RFPs may identify potential efficiencies or cost savings associated with providing services to both organizations, provided that scope and pricing remain clearly identified for each organization.

Opportunities

RFP #1 – North Carolina Association of Regional Councils of Government (NCARCOG)

Fiscal agent, accounting, financial reporting, audit and compliance support, tax and regulatory filings, grant and contract administration, and organizational financial support.

RFP #2 – North Carolina Community Care Hub (NC CCH)

Comprehensive fiscal agent and outsourced accounting services, including financial management and reporting, grant and contract financial administration, audit and compliance support, tax and regulatory filings, and organizational financial support.

Organizations and firms with experience serving nonprofit organizations, statewide associations, governmental entities, healthcare collaboratives, grant-funded organizations, or similar entities are encouraged to respond.

Proposal Deadline: September 25, 2026

Complete RFP documents, including scope of services, proposal requirements, submission instructions, and evaluation criteria, are available below:
